

DYNALITE ADVISORY**Q: Is Contender Dynalite cloth legal for J/105 Spinnakers?**

A: Dynalite 75 is a "generic .75 oz" cloth that ranges in weight from 40 gsm to 44 gsm. Contender knows that only cloth that is a minimum of 42 gsm is legal for the J/105 Class. If you order cloth specifically for J/105 spinnakers, Contender can supply that cloth in the minimum weight and provide the proper documentation if it is questioned. Note that Dynalite 50 (generic .50 oz) and Dynalite 40 (generic .40 oz) are NOT legal cloths for J/105 spinnakers.

If you have questions about this issues, please feel free to e-mail me or call me at 401-783-6727.

Thanks,
Nelson Weiderman
J/105 Class Secretary/Treasurer
