

Cruising Tips & Amenities

On this page we will have cruising tips and amenities that are specific to the J/105. Contributions from owners are solicited.

Improvements to Dan Hurtubise's J/105 Jeu D'enfant #292

Dan has put a lot of work into this custom main cabin table and stool and finally had the time to send some photos:

1) Swivel Teak Stool, light and strong installed on a nylon block attached through bulkhead. Great for chart table, dining table and sink access.

2) Dining Table: Light and very sturdy sits 6 with a very useful wine storage arrangement.

Click on thumbs for larger versions. If you have questions, [e-mail Dan](#).

Improvements to the Boeymo's J/105 Lovise #213

We have featured improvements to Lovise on this website several times. The motherlode of J/105 improvements can be found at the [Lovise website](#). Here's what's included with a few of the photos from that site:

- NEW: Grabrails in the companionway
- NEW: Stiffer and better pulpit
- NEW: A innovative new bowcleat!
- NEW: Sealing your bowsprit
- A J/105 table that doesn't shake
- Cooling your IGLOO
- How to place your racing compass
- How to make the J/105 galley be worth the name ?
- Heating; how?
- Boeymo on instruments and gear
